	QUALITY POLICY	Revision:	00
		Page:	1 of 1

It is the continuing policy and commitment of Globotech Top Management to provide high quality professional services to ensure customer satisfaction as well as statutory and regulatory compliance. It is the policy of Globotech to provide value-added services in an efficient and cost-effective manner. With this as a mandate, Globotech has established a Quality Management System which is the framework under which Globotech operates.

Globotech will achieve these results by utilizing industry best practices, having an added focus on understanding our customer expectations and fiscal responsibility to ensure profitability of all organizations.

To achieve these policies and objectives, and meet the requirements of our customers and other stakeholders, Globotech has determined the following objectives:

- To be Customer oriented with a focus on Safety, Quality and Excellence.
- To ensure the customer’s needs and expectations are determined, understood, and fulfilled with the aim of developing a customer focused culture.
- To build trust by offering the highest standards of our services.
- To strive to deliver services based on a “Right the First Time” approach and always on time and on budget.
- To maintain the highest professional standards and training for all employees in support of this quality management system.
- To ensure sufficient resources are made available and that they are balanced and appropriate for their designated duties and responsibilities.

Globotech Top Management will strive to continuously improve the effectiveness of the quality management system by maintaining, monitoring, reviewing, auditing and enhancing our quality management system.
